PETAL POWER

We love this fresh take on traditional tiles – stylised floral designs mixed with geometric patterns to create a pretty-in-pink rug effect.

THE DETAILS: for similar tiles, try Habibi Interiors, where you can order hand-made Moroccan encaustic tiles in a range of hues, including pink, from £3.20 per 20cm sq tile.

CARPET JOB

A confident use of patterned carpet on stairs adds character to an area of the house that's often neglected – as seen here in Marianne Cotterill's London home (also featured on page 88).

THE DETAILS: for a modern floral carpet, check out Cath Kidston's 'Rose Bouquet' at Ulster Carpets, from £49.50 per sq m. And try Trago Mills for a selection of old-fashioned patterns, such as the 'Berkeley' Axminster by Carpets of Worth, approx £20 per sq m. ▷
